APPROVAL OF STATE ENGINEER	
This is to certify that I have examined the foregoing applicate and do hereby grant the same, subject to the following limitations a conditions:	
This permit is issued subject to all existing rights on the source	e and
is limited to what the well will produce but not to exceed 3.5 c.	f.s.
It is understood that this right must allow for a reasonable lower	ring
of the static water level at permittees well due to other ground	
development in the area. A substantial weir or other type of mea	
device must be installed and measurements of water use kept, and	
Iprovided, either air line or opening, for measuring depth to water	
State retains the right to regulate the use of the water herein at any and all times.	- 117
The amount of water to be appropriated shall be limited to the amoun	ıt
which can be applied to beneficial use, and not to exceed 3.5	
cubic feet per second, or a yearly duty of 4.0 acre-feet per acre irrigated.	
Actual construction work shall begin on or before November 22, 19	1
Proof of commencement of work shall be filed before <u>December 22</u> ,	1958.
Work must be prosecuted with reasonable diligence and be completed of	n or
before November 22, 1959.	
Proof of completion of work shall be filed before December 22, 19	59.
Application of water to beneficial use shall be made on or before	
November 22, 1962 . Proof of the application of water to benefi	aial
use must be filed with State Engineer on or before December 22, 19	62.
